**Do You Have Your Continuing Education Done?
You Can Send in Your Renewal Now!**

July 12, 2024

**Do You Have Your Continuing Education Done?
You Can Send in Your Renewal Now!**

Avoid the end of year rush and mail your renewal packet in early.

When submitting your renewal packet, you must include:

- Original applicant signature on page one of the application.
- Completed "Continuing Education Record Renewal Summary" (LIC-141 Page 2).
- Accurate payment information so payment processing is not delayed.

Questions?

Please contact the Department of Pesticide Regulation's Licensing and Certification Branch by emailing License Mail. For additional information about the Licensing and Certification Program please visit DPR's website.

Who We Are

The California Department of Pesticide Regulation protects human health and the environment by fostering safer and sustainable pest management practices and operating a robust regulatory system to monitor and manage the sale and use of pesticides across the state. DPR's work includes registering all pesticides sold or used in California, conducting scientific evaluation of pesticides to assess and mitigate potential harm to human health or the environment, investing in innovative research to encourage the development and adoption of integrated pest management tools and practices, monitoring for pesticides in the air and water, conducting outreach to ensure pesticide workers, farmworkers and local communities have access to safety information, and enforcing pesticide regulations in coordination with 55 County Agricultural Commissioners and their 500 field inspectors.
